

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Toowoomba Landmark

report date 08 Sep 2014

Yarding Change $\frac{616}{66}$

comparison date 01/09/2014

The supply of stock remained close to the previous week and there was a wide variation in quality especially in the young cattle section. Buyer attendance was good and all were operating. Prices for young cattle varied according to quality and the few heavy grown steers and bullocks sold to very solid demand. Cows sold to a mixed trend with the medium weight plain condition classes receiving strong demand, however the good heavy cows lost ground in price.

The occasional vealer steer with show ring potential made to 239.2c/kg. Vealer heifers to slaughter averaged 176c and made to 190.2c/kg. Lightweight yearling steers to feed and restockers averaged 186c and 193c/kg, respectively. Plain condition medium weights to feed averaged 187c and the better lines 197c with sales to 207c/kg. Heavy feeders made to 206.2c to average 203c/kg. Lightweight yearling heifers to feed averaged 165c and medium weights 175c/kg. Local trade classes in the medium weight range averaged 182c and made to 187.2c and heavyweights averaged 177c/kg.

A few heavy steers averaged 205c and bullocks averaged 203c with the occasional sale to 220c/kg. Medium weight 2 score cows averaged 141c and 3 scores 157c/kg. Good heavy cows managed to reach 194.2c with most around 177c/kg. Heavy bulls made to 210.2c/kg.
