

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Toowoomba Landmark

report date 15 Sep 2014

Yarding Change $\frac{760}{144}$

comparison date 08/09/2014

There was a small increase in supply and young cattle were in the largest numbers and virtually no heavy grown steers and bullocks and a fairly large sample of cows. Buyer attendance was good with representatives covering all classes. Young cattle generally sold to a strong market with good support from the trade, feeder operators and some restockers. Medium weight plain condition cows received stronger support from processors and improved in price and the large run of good heavy cows were also in demand.

The occasional vealer steer made to 213.2c and vealer heifers averaged 175c/kg. Lightweight yearling steers to feed and restockers averaged in the early to late 180c range with some to 205.2c/kg. Medium weight yearling steers averaged 196c and made to 210.2c/kg. A couple heavyweights to feed made to 205.2c and a few to the trade averaged 195c/kg. Light and medium weight yearling heifers mostly sold in the 170c range with some to 193.2c/kg. Heavyweights also to the trade average 178c and made to 196.2c/kg.

Medium weight 2 score cows averaged 8c better at 150c with some to 158.6c/kg. Good heavy cows made to a top of 193.2c to average 178c/kg. Heavy bulls made to 206.2c/kg.
