Yarding Change ⁹⁵/₀

comparison date 29/12/2014

The first sale for the New Year attracted a small selection of predominantly young cattle, with a fair sample of light weight yearling steers suitable for restockers, along with a reasonable selection of supplementary fed yearling heifers ideally suited to the local butcher trade. The falls of rain in places resulted in a large number of restocker buyers in the market, plus a few trade and feeder operators. Local trade lines improved in price and light weight yearling steers returning to the paddock lifted in price by over 50c/kg.

A couple of vealer heifers made to 210c/kg. Light weight yearling steers to restockers made to a top of 252.2c to average close to 250c/kg. Supplementary fed yearling heifers sold to the local butcher trade at 220.2c to average 208c/kg.
