report date 06 Jan 2015

Yarding Change ⁴¹²₀

comparison date 30/12/2014

There was a large decline in supply for the start of the New Year with good rainfall over the supply area restricting numbers. Mixed quality young cattle made up the bulk of the yarding along with just a handful of cows. Very few exporters were in attendance however demand was high from the regular trade and feeder operators. The recent rain encouraged a large number of restockers and onlookers back into the market and price improvements of 10c to 30c/kg were fairly common.

Local butcher orders struggled to secure the small selection of good vealer heifers and paid to 238.2c, with most sales from 215c to 220c/kg. A small selection of lightweight yearling steers returned to the paddock at 236c with sales to 248.2c/kg. Medium weights also to restockers averaged 222c and made to 245c, while a handful to local butchers made to 237.2c/kg. Medium weight yearling heifers in plainer condition were keenly secured by restockers at an average of 206c with some to 219.2c/kg. Feeder classes averaged 202c and made to 210c/kg. Local butchers absorbed the fair sample of well presented slaughter classes and paid to 229.2c, with most around 212c/kg.

A handful of medium weight 2 score cows averaged just under 150c/kg.
