

Over the hooks report - cattle

Market information provided by MLA's National Livestock Reporting Service

Queensland

report date

10 Apr 2015

While some contributors left over-the-hook rates unchanged, on average, prices improved 3¢ to 5¢/kg cwt. Some rain throughout south-east Queensland over the weekend is expected to tighten supplies, as illustrated by the much smaller yardings at the opening markets of the week. Queensland adult cattle slaughter last week eased 27% week-on-week to a little over 63,000 head, as a result of the shorter processing week.
