

Over the hooks report - cattle

Market information provided by MLA's National Livestock Reporting Service

Queensland

report date

26 Jun 2015

Over-the-hook prices were steady this week. Despite strong gains in the young cattle market, following good rain across eastern Australia, Queensland processors kept grid prices unchanged, as high numbers continue to come through to slaughter. Across Queensland, 90,014 head were processed last week, up 5% year-on-year and just the third time over 90,000 head on NLRs records dating back to 1990.
