

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Toowoomba Landmark

report date 22 Jun 2015

Yarding Change 413
-177

comparison date 15/06/2015

The trend of a smaller supply of stock continued and young cattle were in the largest numbers with overall quality not up to the previous week's standard. Buyer attendance was generally good and all were operating in a generally dearer market. Young cattle sold to a dearer trend however poor quality lines experienced very little change. The relatively small selection of export slaughter classes of bullocks and cows averaged 5c to 7c/kg dearer.

Vealer heifers to the trade averaged 225c and made to 230.2c/kg. A wide variation in the quality of the light weight yearling steers returning to the paddock resulted in most averaging 249c while some better lines to feed made to 289.2c/kg. Medium weights to feed sold to fair demand for the quality penned to average 243c/kg. Light weight yearling heifers were well supplied and most sold around 231c, with other consignments reaching 241.2c/kg.

A handful of bullocks made to 242.2c to average 240c/kg. Medium weight 2 score cows averaged 176c and a few good heavy cows averaged 209.2c/kg. Heavy bulls made to 224.2c/kg.
