

## Over the hooks report - cattle

Market information provided by MLA's National Livestock Reporting Service

### Queensland

report date

10 Jul 2015

Across the state, average over-the-hook prices lifted 10-15¢/kg cwt for grass finished cattle and 5-11¢/kg cwt for the grainfed lines, following surging prices in the physical market. However, grids further south are still trading at a high premium to Queensland, with grass fed yearling steers (240-260kg) averaging 26¢/kg cwt higher in NSW and 62¢/kg cwt higher in Victoria. The spread between cow prices is much closer between the eastern states. Queensland adult cattle slaughter was fairly steady last week, at just under 88,000 head.
