

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Toowoomba Elders

report date 13 Jul 2015

Yarding Change ⁷⁹²
-30

comparison date 06/07/2015

The supply of stock experienced very little change and once again young cattle were in the largest numbers along with a handful of bullocks and a fair selection of cows. Buyer attendance was good and all were operating in a generally dearer market. Feeder operator's, restockers and the trade lifted prices on young cattle where the quality allowed. Cows continued to improve in price with good heavy cows gaining a further 10c to 12c/kg.

Calves to restockers made to 276.2c to average 242c/kg. A small sample of vealer heifers averaged close to 250c with some to 266.2c/kg. Light weight yearling steers to feed made to 286.2c to average 272c while medium weights to feed made to a top of 304.2c with most around 281c and a handful of top end quality lines averaged 299c/kg. Heavy weights to feed averaged 274c and made to 279.2c and a small sample to the trade made to 289.2c/kg. Light weight yearling heifers to feed lifted in price by 20c to average 257c with sales to 270.2c/kg. Medium weights to feed averaged in the 250c range and a few to the trade made to 266.2c/kg. The occasional pen of heavy weights to the trade made to 291.2c, with the remainder around 268c/kg.

Bullocks made to 266.2c to average 264c/kg. Medium weight 2 score cows sold to 200.2c to average 193c/kg. Good heavy cows made to 249.2c in pen lots to average close to 237c/kg. Heavy bulls made to 258.2c/kg.
