

## Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

### Toowoomba Landmark

report date 13 Jul 2015

Yarding Change 450  
-62

comparison date 06/07/2015

Numbers remained very close to the previous week's level and, a part from a few pens of supplementary fed yearling heifers to the trade, most of the young cattle sold to restockers or feeder operators. A fair panel of exporters was present and operating along with the usual trade and feeder buyers plus some restockers. Most classes of young cattle experienced some improvement in price depending on quality. The small selection of bullocks and a fair sample of cows sold to a dearer trend.

Medium weight yearling steers to feed made to 313.2c while heavy weight yearling steers to feed averaged 276c and some returned to the paddock at 284.2c/kg. Light weight yearling heifers to feed averaged in the high 230c range and sold to 248.2c/kg. Medium weight yearling heifers to the trade made to 276.2c to average 5c dearer at 262c/kg. A few heavy weights to feed averaged 243c and made to 258.2c/kg.

Medium weight grown steers to feed averaged 255c and made to 258.2c/kg. A few bullocks made to 273.2c to average 267c/kg. Medium weight 2 score cows averaged 197c and the 3 scores averaged 210c and made to 214.2c/kg. Heavy 3 scores made to 221.2c to average 217c heavy bulls made to 227.2c/kg.
