

## Feeder report - cattle

Market information provided by MLA's National Livestock Reporting Service

### Eastern States

report date 13 Nov 2015

Feeder cattle prices continued to rally, following good rainfall across much of the eastern states over the past two weeks. Paddock sales gained 6-13¢/kg week-on-week to now average at a premium to many saleyard prices. Please note, a number of contributors did not quote on EU lines so the price has not been included this week.
