

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Dalby

report date 20 Jul 2016

Yarding Change 3752
-2344

comparison date 13/07/2016

Numbers almost halved the previous week's level with agents yarding 3,752 head. Restockers continued to be very active on light weight cattle with the light weight yearling heifers receiving much stronger demand. Feeder operators were the major buyers on the medium and heavy weight yearling steers and heifers, and in places the feeders out sold the slaughter categories. The reasonably good supply of bullocks contained a fair percentage of full mouth classes, and prices tended to ease for the quality penned. Cows generally sold to strong demand with plain condition lines 5c/kg dearer and good heavy cows also experienced some improvement.

Steer calves made to 394.2c to average 362c/kg. Light weight yearling steers returning to the paddock made to 390c with a large sample averaging 361c/kg. Medium weight yearling steers to feed made to 378.2c to average 354c/kg. Heavy weight feeders were scarce with most in the mid-350c/kg range. Light weight yearling heifers returning to the paddock made to 362.2c to average 333c/kg. Medium weights to feed made to 356.2c with a fair sample averaging 343c/kg. Heavy weight yearling heifers to the trade made to 330c to average 322c/kg.

Medium weight grown steers to feed made to 340c with most around 317c/kg. A handful of certified grain fed heavy grown steers made to 341.2c and a pen of certified grain fed bullocks made to 340c/kg. The remainder of the bullocks made to 320.2c to average 311c, and full mouth bullocks mostly sold around 302c/kg. Medium weight 2 score cows averaged 233c and made to 244.2c/kg. Good heavy cows made to 279.2c to average 269c/kg. Heavy bulls made to 286.2c/kg.
