

## Feeder report - cattle

Market information provided by MLA's National Livestock Reporting Service

### Eastern States

report date 26 Aug 2016

The eastern states feeder indicators were mostly firm to cheaper this week - following widespread showers across a number of major producing regions. Major export categories remained unchanged, while those in the physical market slipped up to as much as 18c/kg lwt week-on-week. Please note, domestic category trends are not included this week with one contributor returning to quote.
