

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Warwick

report date 08 Nov 2016

Yarding Change ¹¹⁹⁶₅₉

comparison date 01/11/2016

The supply of stock once again experienced very little change. Buyer attendance was generally good and most were operating. There was a wide variation in the quality of the young cattle and most of the bullocks penned were full mouth classes and the cow section contained some good heavy lines. Competition for young light weight cattle to restockers remained very strong and tended to improve as the sale progressed. However, medium and heavy weight yearling steers to feed eased by around 6c/kg. Medium weight yearling heifers to the trade and feed went against this trend to be firm to 5c/kg dearer. Export slaughter classes experienced a mixed market with full mouth bullocks improving in price while most of the cows averaged 2c to 8c/kg less.

Heifer calves sold to restockers at 458.2c with most of the mixed sex calves averaging 401c/kg. Light weight yearling steers returning to the paddock made to 421.2c with a fair sample around 387c/kg. Medium weight yearling steers to feed averaged from 348c to 350c with some to 379.2c/kg. Heavy weight yearling steers to feed made to the very occasional 344.2c with most around 321c/kg. Light weight yearling heifers generally averaged 341c to 351c with some to restockers reaching 386.2c/kg. Medium weight yearling heifers to feed averaged 336c and made to 356.2c and local trade lines averaged 338c/kg.

A mixture of 6 and 8 tooth bullocks made to 296.2c to average 293c/kg. Medium weight 2 score cows averaged 215c and made to 220.2c/kg. A fair sample of good heavy cows made to a top of 250.2c to average 242c/kg. Heavy bulls made to 260.2c/kg.
