

## Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

### Warwick

report date 10 Jan 2017

Yarding Change 623  
0

comparison date 03/01/2017

A fair supply of stock was penned and young cattle were in the largest numbers with only a couple of bullocks and a small selection of cows. Most of the usual buyers were in attendance and operating. Restockers were more active in the market following some useful falls of rain across the supply area and prices tended to improve in places. Feeder operators continued to provide strong competition across all classes of yearling steers and heifers. Despite the small number of cows penned prices remained relatively unchanged from the levels experienced at the close of last year.

Steer calves to restockers made to 420.2c with mixed sex calves averaging close to 396c/kg. Light weight yearling steers returning to the paddock mostly sold around 384c with the occasional pen reaching 416.2c/kg. Medium weight yearling steers to feed averaged 349c and made to 373.2c/kg. A small selection of heavy weights averaged 333c and made to 336.2c/kg. Light weight yearling heifers were well supplied and feeder operator restockers and the trade lifted prices in places with most in the early 330c range with some to 350c/kg.

A handful of medium weight 2 score cows averaged 224c and a similar number of good heavy cows made to 243.2c to average 241c/kg. Heavy bulls made to 261.2c/kg.
