

Cattle throughput was down slightly this week finishing at 4,694 head. There was a more marked decrease in sheep numbers, totalling 33,647.

Passed in rates for sheep remained on par with previous weeks, with quality joined Merino Ewes being the sought after article this week. A line of 240 Tara Park blood two year olds from Forbes, Scanned to Border Leicesters sold for \$213, with the 3 year olds making \$210.50. 1050 two year old Mumblebone blood Merino wethers at Quilpie, 22.9 kg dressed weight with an inch and a half skin, are making the trip to Victoria, selling for \$126.50 after strong competition from processors, exporters and woolgrowers alike.

There were plenty of Angus weaners on offer today, most selling, and with some standout results. Steers at Braidwood sold to 236c, their sisters for 221c; Angus and Angus/Hereford weaner steers out of Darlington, Victoria made from 233c to 246c. The offering Santa/Shorthorn heifers and cows PTIC to Santa bulls from S Kidman & Co drew strong competition, selling to \$1170. Again many breeding cows and heifers are struggling to meet the market, particularly in the north. Hopefully the lift in the export ban will increase buyer confidence in the coming weeks.
