

Over the hooks report - cattle

Market information provided by MLA's National Livestock Reporting Service

Victoria

report date 27 May 2011

Only a few adjustments were made to vealer and yearling quotes, causing vealers to average 7c cheaper but yearlings improved 2c to 3c/kg cwt. Grown steers gained 2c but manufacturing steers were 3c/kg cwt easier.

One contributor returned to quoting on cows while another lifted rates 5c/kg cwt. The bulk of contributors however kept their cow quotes unchanged while they wait to see how supply transpires. There were no changes to bull values.
