

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

CTLX

report date 28 Jun 2011

Yarding Change 1230
-414

comparison date 21/06/2011

Quality remained fair to good and numbers slipped back with good percentages of vealers, grown steers and cows in the penning. The yearlings especially the heifer portion were reduced in supply and the usual buyers competed in a slightly dearer market.

Vealer improved 3c to 4c with heavy weights to the trade reaching 249c/kg. The heifer portion also gained 3c to 4c with most sales ranging from 170c to 215c as heavier weights to the trade reached 242c/kg. Yearling steers to lot feeders defied the trend to ease 4c, while heavy weights to the trade improved 2c/kg. The few yearling heifers sold according to quality as the smaller selection to the trade lifted in value to reach 207c/kg.

Grown steers to lot feeders lifted 4c, while the heavy weights to slaughter improved 5c with the best reaching 184c/kg. The better end of the limited supply of grown heifers ranged from 152c to 167c/kg.

Cows sold to a dearer trend to lift 4c as the plainer D2 pens averaged 132c/kg. The better finished D3 and D4 cows ranged from 136c to 148c/kg.
