

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Toowoomba Landmark

report date 11 Jul 2011

Yarding Change ²³³
-191

comparison date 04/07/2011

Numbers reduced and similar to the earlier market young cattle were in the largest numbers, while only a handful of export grades were penned. Buyer attendance was generally good, and some additional export competition from interstate helped lift the value of the export grades. Young cattle generally experienced a strong enquiry from feeder operators, restockers and the trade, with feeder grades improve in price.

A few calves returned to the paddock at 216c and sold to 218.2c, while a pen of vealer steers also returned to the paddock at 222.2c/kg. Medium weight yearling steers to feed averaged 3c better at 190c and sold to 206.2c/kg. A fair sample of heavy certified grain fed yearling steers made to 186.6c to average 181c/kg. The heifer portion of the yearlings was also dominated by certified grainfeds, with most around 174c, with sales to 177.6c/kg.

Medium weight 2 score cows averaged 119c and sold to 125c/kg. Medium weight 4 scores averaged 143c and heavy grades 148.2c/kg. Heavy Bulls made to 140c/kg.
