

Over the hooks report - cattle

Market information provided by MLA's National Livestock Reporting Service

New South Wales

report date

16 Sep 2011

After the solid gains last week, only one contributor lifted their rates across the board with the other contributors remaining unchanged. The general tight supply of finished cattle has continued to be a factor behind current rate levels. Quality has been mixed with the properly finished lines coming off crop or having been supplementary fed.

Grade	Weight Range (cwt kg)	Dentition	Muscle Score	Fat Score	Low Price (c/kg cwt)	High Price (c/kg cwt)	Average (c/kg cwt)	Trend
