report date 12 Sep 2011

Yarding Change $\frac{508}{77}$

comparison date 05/09/2011

The number of cattle yarded was up slightly, consisting of a good supply of yearlings, a few vealers, and a fair penning of grown cattle. The yarding of young cattle improved in quality and made up a large percentage of the yarding offered, with some well finished supplementary fed yearling steers and heifers offered. There were also some well bred steers and heifers available for feeders.

Competition was much stronger with restocker vealer steers topping at 251.2c/kg. Trade yearlings sold up to 10c dearer, with yearling steers topping at 226.2c and heifers sold to 222.2c/kg. Light feeder steers and heifers gained up to 20c in places, with steers selling to 239.2c and heifers topping at 211c/kg.

The yarding of export cattle was made up of several pens of well finished crop and supplementary fed bullocks and steers, and several pens of heifers however; there was a small supply of mixed cows. Bullocks and steers were 5c to 7c dearer selling to 199.2c and averaging around 193c/kg, while heifers also gained ground. Cows sold firm to slightly dearer.
