Yarding Change  $\frac{730}{418}$

comparison date 30/09/2011

A larger mixed quality yarding of local and pastoral bred export cattle containing 685 cows and 45 bulls was offered. These sold to very strong South East and Victorian processor competition from most of the usual buyers at generally dearer levels, with restocker orders also adding to the mix as they sourced plain quality Angus cows.

The D2 to C6 medium and heavy beef cows sold from 130c to 180c at prices ranging from 2c to 12c dearer, and mainly 295c to 335c/kg cwt. The pastoral lines sold from 134c to 168c also at dearer levels, to average 315c/kg cwt. Dairy D1 to D3 sales were from 120c to 154c to average around 295c/kg cwt. Restockers sourced D2 medium weights at 146c/kg at slightly dearer levels.

Medium and heavy beef and dairy bulls to processor competition sold from 155c to 189c to be 8c to 14c/kg dearer.
