

## Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

### Naracoorte

report date 21 Oct 2011

Yarding Change  $\frac{665}{67}$

comparison date 14/10/2011

It was a slightly larger quite good quality yarding containing 628 beef and pastoral bred cows together with a small varying quality yarding of 29 bulls. All sold to steady South East and Victorian processor competition from most of the regular buyers in a sale that tended to ebb and flow. This only led to some sales being basically unchanged and others cheaper. Restocker orders were also active on plain quality medium weight beef cows.

A small number of heifers sold from 156c to 170c, to be 8c/kg cheaper.

The D2 medium weight cows to processor and restocker activity sold from 130c to 152c to be averaging 6c/kg dearer. However, D3 to C6 medium and heavy beef cows sold from 148c to 172c to vary from 1c dearer particularly on larger good quality lines, and 3c to 6c/kg cheaper on the balance as most sold in a 270c to 315c/kg cwt price range. A few pastoral breds sold from 154c to 158c at slightly dearer levels. These was a pen of Friesians selling at 142c/kg. Medium and heavy bulls to Victorian processor inquiry sold from 150c to 180c to be generally unchanged to 5c/kg cheaper.
