

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Pakenham

report date 31 Oct 2011

Yarding Change 775
-1309

comparison date 24/10/2011

Numbers were heavily reduced and this was most likely due to the public holiday tomorrow. There were a lot of good quality cattle penned, with some being supplementary fed. Also penned were a number of cows and plainer condition cattle. Selling to less competition, prices were quite mixed with some vealers and yearlings selling dearer due to quality, but the general trend was cheaper by 5c to 11c/kg.

The top of the vealers suffered the greatest price falls, to make from 220c to 259c/kg. Most of the 190 vealers sold between 190c and 238c/kg. Supplementary fed yearlings sold from 200c to 236c, while most grass finished lots sold between 186c and 218c/kg. The lack of competition for yearling heifers saw most of these make from 165c to 200c/kg. There were 300 yearlings penned, which included a number of poor quality lines that made from 125c to 168c/kg.

The yarding included around 300 grown cattle, some of which were good quality prime C muscle bullocks which were firm to 5c/kg cheaper. The grown steers made to 204c/kg, as bullocks ranged from 178c to 196c/kg. Manufacturing steers made between 147c and 186c, and the few cows penned made 110c to 160c/kg.
