

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Toowoomba Elders

report date 07 Nov 2011

Yarding Change 657
-216

comparison date 31/10/2011

There was a fall in supply and the overall quality of the young cattle was very mixed. A small number of heavy steers to export slaughter were penned, whilst there was a very short supply of bullocks and a relatively small offering of cows. Buyer attendance was good with some additional export operators back in the market. Values for young cattle continued to be very strong with only the lesser quality lines meeting a subdued market. Export grades generally experienced a firm to dearer trend.

Lightweight yearling steers to feed averaged 228c and sold to 244.2c, and restocker lines sold to similar money to average 225c/kg. Medium weight yearling steers to feed averaged 220c and made to 245.2c, while heavy classes to the trade sold to 217.2c to average 211c/kg. Lightweight yearling heifers to feed and local and southern processors mostly sold from 216c to 222c, with some to 225.2c/kg. Medium weight lines to local butchers sold to 222.2c to average 205c and heavy weights averaged 190c and made to 210c/kg.

Heavy steers to export slaughter averaged 196c and made to 204.2c, while a couple of bullocks made to 193.2c/kg.

Medium weight 2 score cows averaged 139c and 3 scores 147c/kg. Good heavy cows made to the occasional 173.2c to average 164c/kg. Heavy Bulls made to 165.2c/kg.
