**Market Comments**  
Week ending 10/02/2012

The northern floods contributed to a reduced number of 3,815 head of cattle this week.

This had a positive impact on the market as buyers searched to fill orders with some sales in the north having to be postponed due to flooding. There were some good lines of all descriptions to ensure increased numbers of buyers logged into the sale and provided a dearer market.

At Longreach, 108 Santa X heifers weighing 242kgs, 9/12 months, sold \$580/240c/kg. Closer to the flood country at Meandarra, 100 Charx steer weaners, 244kgs, 7/12 months, sold for \$630/258.2c/kg. PTIC EU Angus heifers at Guyra, 559kg, 27/28 months, 5/8 months to LBW Angus bulls, sold to \$1315. While a line of 40 Santax cows at Warialda, 583kgs, 27/87 months, PTIC 2/4 months to Angus, Shorthorn and Santa bulls sold for \$1130. Two large lines of Angus weaners at Rylstone met solid competition from nine bidders and resulted in 108 steers, 229kgs, 4/9 months, selling for \$675/295c/kg. 100 heifers from the same property weighing 219kg and similar age sold for \$605/276.3c/kg. Further south at Broken Hill, a line of 75 Angusx heifers, 340kgs, 10/18 months, running continually with Angus bulls sold for \$630/185.3c/kg. At Mortlake in Victoria 30 Angus steers weighing 345kgs, 10/11 months, sold for \$745/216c/kg.

Sheep and lamb numbers finished at 56,715 head for the week and unfortunately the market is dropping each week.

Passed in rates have climbed markedly as producers still hold out for prices based on six to twelve weeks ago. The higher \$A has definitely not helped, combined with reduced skin demand from overseas buyers, has seen the lamb market softer everywhere and this has flowed through to 1st cross ewes and store lambs that are getting harder to place. Just to confuse everyone the wool market was stronger this week and hopefully this will assist the demand for good quality Merino ewes and wethers over the next few weeks.

Floods in Queensland and drier conditions in the southern states has everyone trying to guess the future but the one clear message emanating out of the national market reports this week is that it is getting cheaper.

Not all doom and gloom with F2/3 White Dorper ewes at Nyngan, weighing 67kg, rising 2 yrs, scanned in lamb to Highfield blood rams selling for \$170.50. Down the road at Narromine Merino ewes 54kgs, 6.5 yrs, May shorn, depastured Merino rams, sold for \$120. At Forbes BL/Merino ewes, 71kgs, 2/3 yrs, Aug shorn, scanned in lamb to Poll Dorset rams sold for \$200. White Suffolk x merino store lambs at Armidale weighing 36kgs, Sept drop, unshorn, sold to \$97 but many store lambs around the country are now selling for \$75 to \$85. Not many suitable prime lambs on offer this week but a line of 1,850 2nd cross Composite lambs in Ross Tasmania, weighing 47.4kgs, est. 21.6kgs dressed, unshorn, 4/5 months, finished on good quality Rape crop, made \$108.

The AuctionsPlus team grew by one this week with Tony and Jane (Benson) rejoicing the arrival of a daughter, Chloe Anne on Wednesday. All reports are that the three of them are doing well.
