

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Warwick

report date 17 Jul 2012

Yarding Change ⁷⁷⁹
-163

comparison date 10/07/2012

The number of cattle yarded declined slightly and consisted of a good supply of vealers, while yearlings were in fair numbers and there was a mixed yarding of grown cattle. Quality of the young cattle was mixed with several pens of supplementary fed yearlings offered and a few pens of milk vealers, the remainder of the young cattle were showing the effects of winter.

Competition remained strong for trade cattle with supplementary fed yearling steers topping at 221.2c to average around 205c/kg. Supplementary fed yearling heifers sold to 224.2c/kg. Vealer heifers to slaughter held firm ranging from 188c to 225c and restocker heifers topped at 192c/kg. Restocker vealer steers ranged from 174c to 234c/kg. Feeders and restockers were active in the market with yearling steers and heifers selling firm with the better bred cattle making the premium prices.

The yarding of export cattle consisted of a few pens of well finished grown steers and heifers, some off crop or supplementary fed, while there was a mixed penning of cows. Bullocks and steers sold firm to slightly dearer with the young steers topping at 199.2c/kg. Heifers remained firm, while the cow market was firm to slightly dearer.
