

## Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

### Toowoomba Landmark

report date 30 Jul 2012

Yarding Change 334  
-208

comparison date 23/07/2012

Numbers dropped by 38% and only a handful of heavy steers and bullocks were penned along with a small selection of cows. Yearling steers and heifers were in the largest numbers with most purchased by feeder operators or restockers. Prices for young cattle remained very strong, and despite the reduced buying panel in the export section the small number of export slaughter lines sold to within a few cents of the previous week's level.

A small sample of calves returned to the paddock at 217c with sales to 227.2c/kg. A handful of vealer heifers made from 207.2c to 210.2c/kg. Lightweight yearling steers to feed averaged 220c and restocker lines made to 236.2c/kg. Medium weight feeders averaged 200c and heavy weights 195c/kg. Lightweight yearling heifers to feed averaged 200c and made to 203.6c/kg.

Heavy steers made to 185.6c while the occasional bullock made to 192.2c to average 180c/kg. Medium weight 1 score dairy bred cows made to 117.6c to average 110c/kg. Heavy 3 scores averaged close to 140c and a small selection of good heavy cows averaged 154c and sold to 155c/kg. Heavy Bulls made to 160c/kg.
