

## Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

### Roma Store

report date 16 Oct 2012

Yarding Change 5100  
-400

comparison date 09/10/2012

A shower of rain across the Maranoa region resulted in less cattle yarded and prices increasing across most categories. Restocker buyers displayed plenty of enthusiasm and pushed light weight yearling steer prices up by 10c/kg. Quality was mixed across the entire yarding, but the better conditioned lines of steers were snapped by restockers and good quality light weight yearling heifers lifted 8c/kg with strong competition from processors. Even plainer sorts gained in price with grown steers to feed adding 6c/kg. Well-conditioned cows made 5c/kg extra on average. A single vendor line of PTIC Angus/Charolais-cross cows sold open auction to \$840 and averaged \$713/head.

Light weight yearling steers topped at 228c and averaged 211c, up 10c, while D muscled lines sold to 194c and averaged 182c, up 5c/kg. Medium weight yearling steers to feed earned 193c and averaged 184c, down 2c, while those returning to the paddock hit 216c and averaged around 200c, up 12c/kg. Heavy weight yearling steers sold to 194c and averaged 188c/kg, unchanged in price. Light weight yearling heifers to southern processors made to 204c and averaged 188c, up 8c, while those to restockers reached 194c and averaged 179c, up 4c/kg. Plainer lines of medium weight yearling heifers to feed averaged 156c, up 7c and heavy weight yearling heifers to feed averaged 176c/kg.

Medium weight grown steers to feed topped at 183c and averaged 178c, up 6c/kg. Grown heifers to processors sold to 163c and averaged 158c/kg. Medium weight 2 score cows made to 115c and averaged 112c, up 11c, while medium weight 2 score cows returning to the paddock sold to 122c and averaged 106c/kg. Medium weight 3 score cows made to 134c and averaged 129c, down 6c, while medium weight 4 score cows to processors hit 155c and averaged 150c, up 5c/kg.
