

Over the hooks report - cattle

Market information provided by MLA's National Livestock Reporting Service

New South Wales

report date 26 Oct 2012

The continual dry and windy weather is still affecting the quality of cattle, although the majority of contributors have left rates unchanged. The seasonal conditions are also resulting in greater numbers being offered. Demand for product is still unfortunately rather weak.

Please note there is no trend for yearlings as a contributor is offering rates again.

Grade	Weight Range (cwt kg)	Dentition	Muscle Score	Fat Score	Low Price (c/kg cwt)	High Price (c/kg cwt)	Average (c/kg cwt)	Trend
