

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Great Southern Saleyard

report date 18 Jan 2013

Yarding Change 445
-10

comparison date 11/01/2013

A similar sized trade sale for the second day of the two day sales format was penned. Once again the yarding was dominated by trade weight yearlings and cows with all other classes having minimal supply.

Trade eight yearling values were very price dependent upon quality but overall, a weaker processor competition was realised, with feeder and restocker demand also conservative. Heavy weight steer values were unchanged, while a reasonable quality cows yarding again recorded a solid processor and restocker demand with firm market conditions realised.
