

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Toowoomba Landmark

report date 25 Feb 2013

Yarding Change 600
40

comparison date 18/02/2013

There was a small increase in numbers as most stock were penned prior to the onset of the rain. Apart from some very well bred vealer steers the standard of the remainder was mixed. Processor and feeder buyer attendance was good and despite the wind driven rain a good number of restocker buyers were also present. Values for stock returning to the paddock improved and plain condition cows also gained some ground in price, while most other classes met very solid demand.

Calves returned to the paddock in the 190c range, while a couple of vealer steers with showing potential made to 300c/kg. Lightweight yearling steers returning to paddock's averaged in the high 180c/kg range with sales to 200.2c/kg. Medium weight feeders averaged 181c and sold to 189.2c/kg. A good supply of lightweight yearling heifers sold to the trade at 166c with sales to 174.2c/kg. A fair number of medium weight lines to the trade averaged 176c and sold to 188c/kg. Heavy yearling heifers to feed averaged 165c and sold to 170c/kg.

Heavy 3 score steers averaged 167c while bullocks in the similar score range averaged 168c/kg. A handful of bullocks made to 182c to average 181c/kg. Medium weight 2 score cows averaged 128c and 3 scores 134c, and heavy 3 scores average 139c/kg. Heavy bulls made to 173.2c/kg.
