

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Warwick

report date 30 Apr 2013

Yarding Change ⁹⁵⁵
108

comparison date 23/04/2013

The small increase in supply generally sold to a cheaper market. A fair gallery of buyers was present in the young cattle section, while some major export processors were absent. Vealer heifers suffered the most to lose 6c to 10c, and top end quality lines could not maintain the rates of the previous sale to lose close to 30c/kg. Medium weight yearling steers and heifers sold to a market 12c/kg cheaper. A handful of heavy grown steers and bullocks to export slaughter experienced very little change in price, while cow values slipped a further 2c to 4c/kg.

A fair selection of calves returned to the paddock at 178c with some steer calves making to 201.2c/kg. Vealer steers to feed generally sold from 155c to 160c with the occasional sale to a local butcher at 189.2c/kg. Vealer heifers to feed averaged 151c while those to local and southern processors averaged 147c/kg. A couple of top end quality vealer heifers struggled to reach 186.2c/kg. Medium weight yearling steers to feed averaged 160c to 162c with sales to 175.2c/kg. Heavyweights to the trade averaged 163c with a couple to 185.2c/kg. Medium weight yearling heifers to slaughter averaged 158c and sold to 173.6c, with D muscle lines in the 130c/kg range.

Heavy grown steers to export slaughter averaged 155c and sold to 157.2c/kg. Medium weight 2 score cows averaged 93c and heavy 3 scores 105c/kg. A fair supply of good heavy cows averaged 114c and sold to 120c/kg. Heavy bulls made to 145c/kg.
