

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Dalby

report date 05 Jun 2013

Yarding Change 3438
-108

comparison date 29/05/2013

There was a small slip in supply and a full panel of buyers competed in a generally dearer market. Young lightweight cattle improved in price by 4c to 7c/kg, however D muscled lines of yearling heifers experienced no change in price. Medium weight yearling steers to feed averaged 2c to 5c/kg better, as the heavyweights lifted in price by restockers with oats to feed. Heavy grown steers and bullocks sold to a market 3c to 6c/kg dearer. However, good heavy cows received the largest lift in price to average 10c better, while the remainder of the cows improved 2c to 7c/kg.

Calves to restockers averaged 175c, with the occasional sale to 205.2c/kg. Vealer steers to feed and restockers averaged in the mid to high 170c range, with sales to 190.2c/kg. Vealer heifers to local and southern processors averaged 7c dearer, at 150c, with sales to 154.2c/kg. Lightweight yearling steers to feed and restockers averaged 165c and 168c, respectively, with sales to 178.2c, while lesser quality lines averaged 150c/kg. Medium weight yearling steers to feed averaged 162c, selling to 170c/kg. Heavyweights averaged 160c and made to 166.2c, while D muscled lines averaged 146c/kg. Lightweight yearling heifers mostly sold around 145c, while medium weights to feed averaged 147c/kg. However, D muscled lines averaged from 115c to 125c/kg.

Heavy grown steers averaged close to 158c and sold to 164.2c/kg. Bullocks made to 165.2c, with most at 160c/kg.

Plain cows averaged 86c, while medium weight 2 scores averaged 99c/kg. A fair run of good heavy cows averaged 130c and sold to 136.2c in pen lots. Heavy bulls made to 149.2c/kg.
