comparison date 06/06/2013

Numbers were dramatically reduced in what was the smallest yarding for many years. This was due to the good falls of rain received in the past week. With such a small yarding it was a difficult market to quote, with most operators unable to start due to insufficient numbers.

The few young cattle suitable for the trade sold at similar levels, with prime steer vealers and yearlings selling from 160c to 210c/kg. The heifer yearlings to the trade sold from 148c to 200c/kg. Young cattle to restockers and feeders were a little cheaper, with the steer portion selling from 140c to 184c, while the heifers sold from 106c to 145c/kg.

A line of lightweight grown steers sold to feeders for 164c, while prime grown heifers sold to processors from 155c to 160c/kg. Cows sold at similar rates with D3s and D4s selling from 95c to 114c/kg. The best bull on the day sold for 132c/kg.
