

## Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

### Great Southern Saleyard

report date 13 Jun 2013

Yarding Change  $\frac{1200}{254}$

comparison date 06/06/2013

The larger yarding was again dominated by young store cattle, while prime slaughter grades remained limited in number. Cow grades were similar with solid numbers of cows and calves sold by appraisal.

There was little change in trade demand and price for trade heavy weight steers and heifers, with firm market conditions remaining in place. Generally store steers recorded similar competition from feeders and restockers, while lightweight store heifers enjoyed more aggressive restocker demand.

The cow market rebounded after the losses of the previous week and enjoyed higher price levels. This was also the case in heavy weight bull sales.
