report date 17 Jun 2013

Yarding Change $\frac{927}{268}$

comparison date 03/06/2013

Numbers lifted to a higher level following the two week break. A full panel of export processors was present and most were operating, however some buyers displayed less interest in the young cattle section. Young lightweight cattle experienced a wide variation in price according to quality. Well-bred lines to restockers met firm demand and heavyweights to feed lifted in price, while vealer heifers to slaughter eased in price. A small selection of bullocks experienced a small improvement, while cows struggled to maintain the rates of two weeks ago.

Calves to restockers made to 191.2c to average 176c/kg. Vealer heifers to feed averaged 155c while slaughter descriptions mostly sold around 145c, with some to 160c/kg. A fair selection of lightweight yearling steers returned to the paddock at 173c with sales to 191.2c/kg. Medium weight yearling steers to feed and restockers generally sold in the mid to high 160c range, with sales to 178c/kg. Heavy feeders averaged 162c with the occasional pen to 166.2c/kg. The best lightweight yearling heifers averaged 141c, and D muscled lines averaged from 115c to 124c/kg. Medium weights to the trade averaged 146c and sold to 167.2c/kg.

Heavy grown steers averaged 168c while bullocks averaged 164c, with some supplementary fed lines to 171.2c/kg.

Medium weight 2 score cows averaged close to 90c with sales to 92.2c, and 3 scores sold around 102c/kg. A handful of good heavy cows made to 118.2c to average 116c/kg. Heavy bulls made to 144.2c/kg.
