

## Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

### Roma Store

report date 25 Jun 2013

Yarding Change 9380  
-1020

comparison date 18/06/2013

Numbers declined to under 10,000 head for the first time in a fortnight. Good numbers of restocker buyers were present, but much of their attention was focused on heavy weight steers to go on to local oat crops. Lot feeders were as active as in the previous week, and the competition between feedlot and restocker buyers pushed medium and heavy weight steer prices up. The good quality pens of young light yearling steers sold to similar rates as the previous week, but still remain under 200c/kg. Only light heifers returning to the paddock held firm in price, while most other categories of light and medium weight heifers to feedlots and southern processors were cheaper.

Light weight yearling steers reached 194c to average 178c, down 1c/kg. The D muscled lines topped at 166c and averaged 152c/kg, unchanged in price. Medium weight yearling steers to feed topped at 181c and averaged 175c, up 16c, while those to restockers earned to 180c and averaged 169c, down 2c/kg. The plainer lines sold between 141c and 145c/kg. Heavy weight yearling steers to feed sold to 176c and averaged 163c, down 5c, while those to restockers also reached 176c and averaged 169c, up 7c/kg. Light weight yearling heifers to feed topped at 151c and averaged 143c, down 10c, while those to southern processors topped at 145c and averaged 141c, down 1c/kg. Those returning to the paddock hit 173c and averaged 149c, up 4c/kg. Medium weight yearling heifers to feed sold between 143c and 147c/kg.
