

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Dubbo

report date 01 Aug 2013

Yarding Change 3440
1020

comparison date 25/07/2013

The larger yarding produced only a fair quality yarding with large numbers of young cattle in store condition. There were reasonable numbers of well finished grown steers along with a few lines of prime conditioned trade cattle coming off crop. Cows were once again well supplied.

Trade yearling steers to kill were firm while the heifer yearlings were up to 9c/kg dearer. Prime conditioned yearling steers sold from 170c to 200c, with the heavy weights averaging 188c, while the yearling heifers sold from 158c to 221.2c/kg. The plainer quality young cattle to restockers and feeders were 2c to 5c cheaper, while the better quality lines remained fully firm with young steers selling from 113c to 205.2c/kg. The yearling heifers to restockers and feeders sold from 87c to 182.6c/kg.

Grown steers were fully firm with the 3 and 4 scores selling from 167c to 196c, with the better medium weights averaging 190c/kg. Cows were also fully firm with the 1 and 2 scores selling from 66c to 124.6c to restockers and 125.2c to processors. The better conditioned medium and heavy weight cows sold from 116c to 151.2c, with the 4 score heavy weights averaging 143c/kg. The best bull made 165c/kg.
