

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Great Southern Saleyard

report date 15 Aug 2013

Yarding Change $\frac{676}{370}$

comparison date 08/08/2013

The larger yarding included improved supplies of heavy weight steers and bullocks, while heavy heifers and trade weight yearlings remained in limited number. Cows continued to be in moderate supply, with store grades again accounting for the majority of the sale.

The small numbers of trade weight yearling steers and heifers available recorded a reasonable local trade inquiry. Store demand was more selective this week and saw medium weight heifer sales fall, comparative to last week's quotations.

Heavy weight steers eased in price, which was also the case in mature heavy heifer sales. The very strong processor demand experienced in the previous week for cows eased with heavy weight bulls recording solid falls in both demand and prices.
