

Over the hooks report - cattle

Market information provided by MLA's National Livestock Reporting Service

Queensland

report date 08 Nov 2013

Prices from contributors were relatively firm week-on-week, as reports suggest cattle supplies remain steady, with much of the state now drought declared.

Rates were unchanged across all categories throughout the state, with only 100 day grainfed steers in the south trending 1¢/kg dearer on last week.
