

## Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

### Toowoomba Landmark

report date 11 Nov 2013

Yarding Change 310  
-70

comparison date 04/11/2013

The slightly smaller yarding contained a mixed quality line-up of most categories. A fair panel of buyers was present and included the usual export processors, along with trade and feeder operators and a limited number of restocker buyers. The better end of the young cattle managed to improve in price, while light weight plain condition lines experienced very little change. The small selection of heavy grown steers, bullocks and cows sold to a dearer trend.

A handful of calves returned to the paddock at 147c, with some to 180c/kg. Medium weight yearling steers to feed averaged 170c and sold to 175c/kg. Medium weights to the trade averaged 173c and sold to 176c/kg. Heavy weights to feeders averaged 179c, while slaughter descriptions averaged 181c with sales to 184c/kg. The best of the light weight yearling heifers averaged in the 150c range and D muscle lines sold from 113c to 132c/kg. Medium weights to local butchers made to 167c to average 162c/kg.

Heavy grown steers made to 190c to average 183c, while bullocks averaged 185c and sold to 190c/kg. A small selection of medium weight 2 score cows averaged 120c and 3 scores were close to 130c/kg. Good heavy cows averaged 144c and sold to 146c/kg. Heavy bulls made to 161c/kg.
