

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Great Southern Saleyard

report date 21 Nov 2013

Yarding Change ¹⁴⁷⁸/₄₄₀

comparison date 14/11/2013

The increased yarding was due to larger supplies of young vealers. Trade and heavy weight steers and heifers were sold in reasonable volumes with lower supplies of cows penned.

There was solid weight and quality recorded in vealer classes. Generally feeder, restocker and local trade demand remained similar on the larger supplies with little change realised in prices.

Trade weight yearling steers and heifers enjoyed continued solid demand and competition from the trade, feeder and live export sectors. Heavy weight steer and bullock quality remained solid with slightly higher competition and prices recorded. The smaller cow yarding was also of a good quality and weight with an increase in trade competition recorded, while heavy weight bull demand remained in line with last week's prices.
