

## Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

### Naracoorte

report date 26 Nov 2013

Yarding Change 1438  
-270

comparison date 19/11/2013

There was a reduced yarding of cattle, however quality was similar and the same field of buyers participated in a market that was close to firm on last week's prices. Notable exceptions were the plainer end of the C muscled vealers, which were 10c dearer, and the plainer and leaner end of the D muscled yearling heifers, which also sold a little easier. The penning comprised of 1,368 weighed cattle and 70 open auction sales.

The majority of the young cattle were C muscled and of 3 score condition, although a few 4 scores were penned and odd B muscles were also consigned. The C muscled vealers mostly made from 160c to 195c, with odd top sales to 217c/kg. Restockers paid from 166c to 170c/kg for their steer vealers. Yearling steers sold between 150c and 197c, with the heifer portion from 140c to 175c and the odd sale to 185c/kg. Restockers paid from 148c to 173c and even up to 183c for steers, while their heifer counterparts were mostly between 153c and 167c, with plainer and D muscled lines from 144c/kg.

The C3 heavy grown steers were 5c cheaper, however the C4 bullocks averaged unchanged. The C3's made from 155c to 183c, while the C4's started at 167c and reached a top of 184c/kg. The majority of the grown heifers were C3's and they ranged from 146c to 168c, with the lower end being 10c to 15c/kg dearer.
