Great Southern Saleyard

report date 09 Jan 2014

Yarding Change $\frac{2318}{274}$

comparison date 02/01/2014

The larger yarding of vealers again included good weight and quality, with condition continuing to slip in the calves. Demand from the feeder sector remained very strong, with medium and heavy weight vealers of both sexes generally recording higher prices. There was an improvement in the quality of lightweight vealer steers and heifers and this, coupled with a strong restocker demand, created dearer price levels.
