comparison date 30/01/2014

There was yet another solid yarding in the weaner portion of the two-day sales format, with numbers marginally higher than the previous week. There was a reduction in the overall weight of the yarding, with a decline in the overall quality also recorded. Trade demand remained firm on heavy weight prime grades in excess of 370kg, while the remainder of both the steer and heifer classes failed to maintain the very high levels of the previous week. Despite this, a solid sale result was again achieved.
