

## Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

### Wodonga

report date 16 Jul 2014

Yarding Change 553  
-541

comparison date 09/07/2014

Numbers almost halved and quality was mixed with all weights and grades represented. The usual group of buyers were in attendance, however not all buyers were operating fully, owing to good rainfall overnight in the central west of NSW. There was a sense of urgency in the market with all weights and grades selling too much stronger demand. As the market progressed, isolated sales were 12c to 15c/kg dearer.

Well finished high yielding beef cows sold to strong southern demand lifting 8c to 10c to average 149.3c/kg. The 2 and 3 score cows were in reasonable supply and all buyers operated in this category with prices generally 9c/kg higher.

Bidding was strongest for European bulls, while other breeds also attracted strong demand. The better B and C muscled bulls made from 154c to 189.2c/kg. There were very few plainer bulls sold and they made from 110c to 159c/kg.
