

Over the hooks report - cattle

Market information provided by MLA's National Livestock Reporting Service

Victoria

report date

31 Oct 2014

Over-the-hooks rates eased across all categories this week, following recent falls in the physical market. As seasonal conditions fail to improve, contributors are reporting good supplies coming through to slaughter.

Note: due to the return of a contributor in the bull category this week, the change in some bull prices has not been quoted.
