

Over the hooks report - cattle

Market information provided by MLA's National Livestock Reporting Service

New South Wales

report date

19 Dec 2014

With some good rain across the supply region and price improvements in the physical market, yearling and grown steer over-the-hooks rates trended dearer across the state this week. However, gains were mitigated with some contributors reporting being booked out well into the new year. Cow and bull rates remained unchanged.
