comparison date 26/05/2015

There were approximately 380 cows and 25 bulls penned, representing a decrease of 130 head week-on-week. There was an almost full contingent of buyers present and operating in a firm market. Quality did vary, especially in the light and medium weight categories, resulting in some price fluctuation however averages were close to equal week-on-week. Competition was solid from processors as well as graziers seeking younger sound cows to turn out. Heavy weight bulls improved 7c to 8c/kg on a better quality draft with greater yield potential.

Most light and medium weight cows sold from 145c to 195c/kg. Heavy weight cows made mostly between 177c and 220c/kg. Heavy weight bulls sold between 233c and 250c/kg.
